Biblical Counselling UK

Partners  
SCHEME

Christ-centred change,  
enabled by the Spirit,  
through the ministry of the  
Word, in the local church.

## Our Vision

---

Promoting Christ-centred change, enabled by the Spirit, through the ministry of the Word in the local church.

Biblical counselling is concerned with change – a change that arises out of the gospel of Christ and produces growth into the likeness of Christ. Other words describing this process include sanctification, soul care, growth in maturity, discipleship, cure of souls, one-anothering and spiritual direction. We are convinced that the Bible speaks the wise counsel of God into every human struggle.

Since its beginnings with the Changing Hearts conference in London in 2013, Biblical Counselling UK has sought to encourage pastoral ministry in local churches which understands the dynamics of this biblical change and therefore applies the Bible wisely to all of life.

We believe that the insights developed by the biblical counselling movement over the past 50 years are a great resource which can help churches in the UK as they seek to serve Christ.

## The Partners Scheme

---

Biblical Counselling UK is dependent on donation income if it is to take up these opportunities for ministry. We are therefore inviting those who wish to support us on a regular basis, to join our Partners Scheme. This will allow us to keep you regularly informed about our work and give opportunity for comment and feedback. The Scheme offers regular prayer updates, a six-monthly newsletter and annual Partners Events.

We have set an initial target of £65,000 annual donation income. This could be achieved with:

- 20 Partners giving £100 per month
- 40 Partners giving £50 per month
- 40 Partners giving £25 per month
- 40 partners giving £10 per month

If you share our vision, will you consider partnering with us?

To join the scheme or for more details, please email: [info@biblicalcounselling.org.uk](mailto:info@biblicalcounselling.org.uk).

## Our Ministry Opportunities

---

### Helping churches develop a biblical counselling ministry

Our Intern Scheme supports local churches who want to develop a biblical counselling approach to ministry. Where a local church has identified an individual with training and gifting in biblical counselling, the scheme provides a framework to support that person's personal development and the development of their ministry. Each intern is linked with a mentor experienced in pastoral ministry, and takes part in a peer support group.

Your donations would allow us to make grants to more interns and provide the administrative support necessary for the scheme.

### Resourcing the church

#### TRAINING

As interest in biblical counselling continues to grow so does the reach of Biblical Counselling UK and the demands placed upon it. A key next step in our development will be the employment of staff so that we can invest in more training events and courses as we seek to support the development of biblical counselling in the local church.

Regular giving will be critical in allowing us to be begin to appoint staff over the next few years.

#### PUBLISHING

Almost all the biblical counselling literature comes from the USA. We are keen to develop more home-grown resources which reflect our own particular cultural context and which can serve the wider church in the development of pastoral care which reflects all the strengths of the biblical counselling movement.

The production of books, journal articles and online training material will require significant investment of time and resources in the coming years.
