Certificate in Biblical Counselling

in partnership with CCEF

Foundations: Helping Relationships Spring 2021

Course Description

Let's say you have a basic and growing understanding of biblical counselling. You know the key ideas and have been able to apply them to yourself. Now comes the hard part: How do you apply this understanding in your everyday relationships? This course will take the content you already know and get specific about how you can actually deliver the content. Case studies, lectures, and small group discussions will help you grow in your ability to listen well, know people, interpret another person's story from a biblical perspective, and offer biblically-based truth that will motivate others in their growth in Christ.

Course Objectives

This course will enable students to love others, using words, with increasing skill. Specifically:

1. To locate the seed of all counselling ministry in two people praying together,
2. To develop an attractive, adaptable, flexible and transferable ministry method, and
3. To identify and practice the basic methodological principles that are emerging in biblical counselling.
