## Certificate in Biblical Counselling

in partnership with CCEF

# Topics: Human Personality

## Spring 2021

### Course Description and Objectives

*Who are we? How do we think about, talk with, and care for other people because of how we view them?*

Scripture is crammed with answers to these questions. This course aims to draw out answers from Scripture in such a way that we know God better, know ourselves better, and are led into faith and love. It will also consider non-Christian counselling case studies as a way to demonstrate careful engagement as well as Scripture's breadth and depth.

This course fulfils the following learning goals:

1. The student will exhibit a deep love for the Triune God, his word, his truth and his church and a Christ-like humility in relation with others.
2. The student will demonstrate basic knowledge in Scripture, Reformed Theology, Biblical Theology, church history and apologetics.
3. The student will understand the broad context of counselling and will apply God's eternal word to a changing world in a counselling context.
